DEDICATION

We dedicate this 1986 Town Report to the memories of three outstanding citizens of the Town of Goffstown; Marcel Martin, Lawrence Shirley and Robert Monier.

These gentlemen gave freely of their time and their talents for many years. They represented the Town well, and each has left Goffstown a better place because of their accomplishments.

They were men who truly exemplified the spirit of community.

General Information

Office of State Planning estimate) and occupies approximately thirty-seven square miles of land.

Goffstown was incorporated in 1761 and is governed by a Board of three Selectmen. Legislative policy, including passage of the Town Budget, is determined by the annual Town Meeting. The Town provides a full array of governmental services including police and fire protection, sewer service, library and recreational services.

The Board of Selectmen meets every Monday evening at 7:00 at the Town Hall, 16 Main Street. Town business offices are located in the Town Hall. Offices are open to the public 8:30 am to 4:30 pm on Monday, Tuesday and Friday; 8:30 am to 12 noon on Wednesday and 8:30 am to 6:00 pm on Thursday.

Voter registration qualifications - must be 18 years of age and a citizen and resident of Goffstown; voter registration with Supervisors of the Checklist and Town Clerk. New registrations accepted up to ten days prior to elections. Absentee ballots are available for qualified voters at Town and State primary and general elections.

Dog licenses expire on April 30 of each year. A dog must be licensed at three months; rabies certificate required. Fees: Male, \$6.00; neutered male, \$3.50; female, \$6.50; spayed female, \$3.50. A penalty of \$1.00 per month is assessed as of June 1. Licenses are available in the Town Clerk's office.

Automobile registration is renewable in birth month to residents. Resident tax receipts required. Auto renewal decals available for an additional fee of \$1.50 to NH residents.

Goffstown collects taxes semi-annually. The first payment is due July 1; second payment due Dec. 1 at the Tax Collector's office. Property is assessed as of April 1 - the tax rate for 1986 is 107.60 per thousand at 22% equalized valuation.

A Town zoning ordinance controls land uses in Commercial, Industrial, Residential, Agricultural, Flood Plain and Conservancy Open Space zones.

Fire permits are issued at Fire Stations, and must be picked up in person between 7:30 am and 5:00 pm.

The Goffstown Police Department is located downstairs in the Town Hall building; entrance at the rear of the building.

The Public Works Department is located at the end of Depot Street in Goffstown Village. Rubbish pickup once a week, schedules available at Town Hall. Sanitary landfill is located off Laurier Street in Pinardville, open 8 am to 5 pm except Sundays and holidays. A dump sticker is required; available at Town Clerk's office.

The Parks and Recreation Department is on Mast Road. We have two supervised playgrounds with excellent programs; two public swimming pools, six public tennis courts; athletic fields

and an outdoor ice skating area, with supervised year round programs for youth and adults.

The Goffstown Public Library is located on the corner of High Street and Mast Road. The library is open from 10:00 am to 8:30 pm on Monday and Wednesday; 10:00 am to 6:00 pm on Tuesday, Thursday and Friday and 10:00 am to 3:00 pm on Saturday.

The Goffstown School District is governed by an elected nine member School board; its budget is determined by the annual School District meeting.

The public schools consist of two elementary schools, grades 1 - 4; one middle school, grades 5 and 6; Goffstown Jr. and Sr. High School, grades 7 - 12.

The School Department offices are located in the White Building, at the end of School Street in Goffstown Village.

Selectmen's Report

Goffstown is growing.

Not exactly a newsworthy announcement, but the impact of these three words is immense.

In our Police Department we have experienced increased patrols to deal with the problem of alcohol, and the problems of child abuse have drained the resources of that department significantly. We continue our Officer Friendly efforts in the hope of reducing future problems.

In our Town Clerk's office we registered 20% more cars than last year, and we installed new programs such as the decals to go on the plates, which cause more work.

The Fire Department not only increased their inspections by 10%, but the number of fires also increased by 10%.

In the Parks and Recreation Department, we have not only higher levels of participation, but the John Brown Track is an additional community resource that we didn't have last year.

When the people ran for the Planning Board, a description of the job included two Thursday night meetings a month. This year, they met at least once a week, and the hour of adjournment was never 10 or 10:30, but always midnight or later.

In the Highway Department, not only do we have to deal with new developments, but more trash, and more calls for service.

In the Sewer Department, our Commissioners are dealing with an interceptor pipe that travels the length of Goffstown, costing millions of dollars.

In the Library, there is a new computer that gives us

access to an additional 200,000 titles, and this year we had not only more activity, but 600 new borrowers.

Every place we turn there is a higher level of activity and a greater demand for service. The current number of employees has not significantly changed, and as a result, we want to especially recognize and thank our permanent employees for their extra effort. It isn't always easy to work under the conditions imposed by a growing community. Not only did our employees perform well under these conditions, but in the United Way drive this year, their giving increased by 300%! We're compelled to recognize such outstanding generosity and we thank those people who found a way to improve their giving. In this regard, a special thanks must also go to Bill Morrissey for his outstanding assistance in the United Way drive.

In Goffstown we are also blessed with a very high level of volunteerism. We want to thank all those citizens who volunteer to run for election, accept appointment, and fill all the volunteer positions that present themselves in our citizen form of government.

The Selectmen want to extend our appreciation to the several boards that serve our community not only well, but harmoniously, which is somewhat unique in these trying times for local governments.

Not unlike all the other areas in town, the demands on the Selectmen's Office have also increased tremendously, and as a result, we would be remiss in not extending a very special thank you to our Administrative Assistant David Crowell and our Executive Secretary Marie Boyle.

And to the citizens of Goffstown, the Selectmen's Office is always open in an effort to serve you.

Board of Selectmen
Robert Wheeler, Chairman

BOARD OF SELECTMEN (seated, l-r) Maurice Allard, Robert Wheeler and E.B. Nickerson; Executive Secretary Marie Boyle and Administrative Assistant David Crowell.

Minutes Town Meeting 1986

Moderator Rodney Stark called the meeting to order at 7:20 p.m. at the Goffstown High School gymnasium. Girl Scouts of Troop #140 conducted the flag ceremony and pledge of allegiance. The moderator announced that Girl Scout cookies are for sale out in the foyer. There are also representatives taking donations for the Maple Ave. playground fund.

Mr. Stark made a public apology to Mr. Robert Monier for a remark that he (Stark) made at last year's Town Meeting.

The election results were announced by the moderator who then described and read the rules of the meeting procedure. No speakers may speak without the moderator's permission. It was moved by E. Nickerson and seconded by R. Wheeler and passed by voice vote to dispense with the reading of the warrant.

- f. Maximum height of buildings-45 feet.
- g. Maximum height of buildings where a residential district falls within 200 feet-25 feet.

(By official ballot) (Not approved by Planning Board)

Yes - 354 No - 624 Article defeated.

ARTICLE 15

To see if the Town will vote to adopt the provision of RSA 72:37 for the exemption for the blind from property tax. This statute provides that every inhabitant who is legally blind shall be exempt each year from the property tax on his/her residential real estate to the value of Fifteen Thousand (\$15,000.00) Dollars. (By petition) (By official ballot)

Yes - 630 No - 368 Article passed.

ARTICLE 16

To see if the Town will vote to raise and appropriate the sum of Seven Thousand Seven Hundred Sixty-Two (\$7,762.00) Dollars to be paid to the VNA of Manchester and Southern New Hampshire, Inc. to defray the cost of the agency's activities in the town. (By petition) (Recommended by the Budget Committee)

Article #16 — \$7,762.00, moved by E. Nickerson, seconded by R. Wheeler, Statement by Mr. Nickerson of VNA's good work. Mrs. Alice Knight stated there were in the vicinity of 3,154 visits made here in Goffstown last year with the total of \$94,804.00 service in Goffstown, \$77,671.00 being reimbursed by the patients, Goffstown's free service amounted to \$17,133.00. The vote, voice vote, AYE, loud. Moderator declared article passed.

ARTICLE 17

To see if the Town will vote to raise and appropriate the sum of Two Hundred Thousand (\$200,000.00) Dollars for the purpose of installing approximately 6700 lineal feet of water pipe, along all arteries of Moose Club Park in the Town of Goffstown, N.H. 03045.

The total sum of money needed for water installation for Moose Club Park, Goffstown, N.H. is Two Hundred Thirty-Five Thousand (\$235,000.00) Dollars. For the purpose of water

installation we are applying for Two Hundred Thousand (\$200,000.00) Dollars to the Town of Goffstown. The balance Thirty-Five Thousand (\$35,000.00) is being borne by the private sector.

Terms of repayment to the Town of Goffstown for home owners covered by the Two Hundred Thousand (\$200,000.00) Dollars municipal funding would be over a four year period with the home owner paying Twenty Five (25%) Percent each year in a monthly installment to the Town of Goffstown. (Example: For 60 feet frontage total cost would be \$2,110.20 divided by 4 years equals \$527.55 which would break down to a \$43.96 payment per month.) For undeveloped properties and home owners who choose not to hook up until a later date to City water, the Town of Goffstown would handle according to their policy at the time. (By petition) (Not recommended by the Budget Committee)

Article #17 — \$200,000.00, Moved by Emile Burke, seconded by Adrien Petrin. Mr. Tom Hanley of Moose Club Park explained the drawdown last year which caused the residents' wells to go dry. They're anticipating a four month drawdown this fall. Explained the fire hydrants also go dry. Budget Committee chairman Mike Ryan moved to dismiss the article and explained why the Budget Committee did not recommend this article.

Discussion followed on a grant that has been applied for by the Town. Stated that if this article is voted in the affirmative, it might hinder the receiving of the grant. Question on fire protection after the drawdown. Explained by Fire Chief Fletcher who said the water in the parks for fire comes from dry hydrants in the river, but they also rely on tankers.

An amendment to this article was presented by Betsy Stebbins, stating, "if grant is denied, this article would become effective, if article is passed". Seconded by Bruce Hunter. Mr. Ryan spoke against amendment, too much increase in tax dollars. Question moved by R. Monier, seconded by B. Hunter. Affirmative vote to stop debate. Vote on the amendment, voice vote, yes soft; loud NO. Moderator declared amendment defeated.

Question—How many people affected in Moose Club park? Approximately 100. There were 112 figured in the grant. M. Ryan moved the question, seconded by E. Nickerson. Voted to stop discussion. Vote on article-voice vote, yes, few NO loud. Moderator declared article defeated.

ARTICLE 18

To see if the town will vote to raise and appropriate the sum of Two Thousand (\$2,000.00) Dollars to help defray the cost of the Elderly Nutrition Program within the Town. (By petition) (Recommended by the Budget Committee)

Article #18 — \$2,000.00, moved by Selectman M. Allard, seconded by R. Wheeler. Explained by M. Allard that the money goes mainly for the rent of Stark Hall and it is an

excellent program for the elderly. Voice vote, AYE, unanimous. Moderator declared article passed.

ARTICLE 19

To see if the Town will vote to raise and appropriate the sum of Ninety-Five Thousand (\$95,000.00) Dollars to purchase a three-yard loader for the Highway Department. (Recommended by the Budget Committee)

Article #19 — \$95,000.00, moved by E. Nickerson, seconded by R. Wheeler, who stated the loader that was purchased in 1971 will be turned in, the second oldest loader will then be the oldest to be used at the dump, if the new one is purchased. The new one will not be used at the dump as sand gets in and damages the parts. Joe Perry is considered a "magician" for keeping the old machines workable. Mike Ryan stated that the Capital Improvement Program recommends this important item for Highway participation this year. Voice vote AYE, loud, no soft. Moderator declared article passed.

ARTICLE 20

To see if the Town will vote to raise and appropriate and to authorize the Selectmen to remit to Hillsborough County, the second of ten installments in the amount of Eighteen Thousand Eight Hundred Sixty-One (\$18,861.00) Dollars for the purchase of County land. (Recommended by the Budget Committee)

Article #20 — \$18,861.00 - Moved by M. Allard, seconded by M. Ryan. Explained by M. Allard this is the second installment of ten payments for the County land. If not paid, the land could be claimed back by the lien holder. The moderator stated that the article is a mistake. Admitted by R. Wheeler that it should have been in the budget. R. Kincaid stated reasons why he is against the sale of this County land. He recommends keeping all this property. Mr. Wheeler explained that construction of the new Police Station will be paid for with no money of the taxpayers. Also, there is an agreement pending on the 7.2 acres to sell to a developer. The Town now holds the deed; if the article is not passed, the payment will come from some other area of Town funds.

Question moved to stop debate by P. Bartel, seconded by G. Fullerton. Voice vote in the affirmative to stop debate. Voice vote on the article, AYE, loud, No a few. Moderator declared the article passed.

ARTICLE 21

To see if the Town will vote to raise and appropriate and to authorize the Selectmen to deposit Twenty-Five Thousand (\$25,000.00) Dollars in the Fire Department Capital Reserve Fund. (Recommended by the Budget Committee)

Article #21 — \$25,000.00, moved by R. Wheeler, seconded by M. Ryan. Explained by Mr. Wheeler, no discussion followed, voice vote AYE-loud, No-one. Moderator declared article passed.

ARTICLE 22

To see if the Town will vote to raise and appropriate and to authorize the Selectmen to alter the Fire Station doors at Station 18 for a sum not to exceed Ten Thousand (\$10,000.00) Dollars. (Recommended by the Budget Committee)

Article #22 — \$10,000.00, moved by M. Allard, seconded by B. Rand. M. Allard explained the doors need to be altered to accommodate larger trucks for storage. Not possible at present. Voice vote, AYE, loud, no soft. Moderator declared article passed.

ARTICLE 23

To see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972, for use as setoffs against budgeted appropriations for the specific purposes and in amounts indicated herewith, or take any other action hereon.

Town Officers' Expenses	\$ 15,000.00
Police Department	40,000.00
Fire Department	40,000.00
Parks and Recreation Dept.	20,000.00
Town Insurance	18,000.00

TOTAL \$133,000.00

(Recommended by the Budget Committee)

Article #23 — \$133,000.00 Revenue Sharing Funds, moved by E. Nickerson, seconded by R. Wheeler who moved to dispense with re-reading the article, seconded by M. Allard. Stated that revenue very much needed in the future. Voice vote-AYE's only. Moderator declared article passed.

ARTICLE 24

To see if the Town will vote to raise and appropriate the budget submitted by the Budget Committee in the amount of Four Million One Hundred Sixty-Eight Thousand Nine Hundred Seventy-One (\$4,168,971.00) Dollars.

Note: This budget will be predicated by estimated revenues in the amount of One Million Two Hundred Twenty-Two Thousand Two Hundred (\$1,222,200.00) Dollars and will relate an estimated amount to be raised by taxes of Two Million Nine Hundred Forty-Six Thousand Seven Hundred Seventy-One (\$2,946,771.00) Dollars. County Tax and School District commitment not included. (Recommended by the Budget Committee)

Article #24 — \$4,168,971.00, moved by R. Wheeler, seconded by M. Ryan. Question of % of increase-approximately 8%. (Amount of increase in taxes depends on the growth and formula for the town and school budget that is

passed) Vote on article, voice vote, AYE loud, No none. Moderator declared article passed.

ARTICLE 25

To see if the Town will vote to adopt written welfare guidelines as proposed by the Board of Selectmen. Chapter 380 of the Laws of 1985 requires the Town to adopt written welfare guidelines prior to April 1, 1986. (Copies of the full text of the proposed guidelines are on file with the Town Clerk.)

Article #25 — moved by M. Allard, seconded by D. Gruden. Mr. Allard stated the text for the welfare guidelines are on file in the Town Clerk's office and the public is invited to view them and to question Marie Boyle or Mr. Allard, if needed. Voice vote, AYES loud, no none. Moderator declared article passed.

ARTICLE 26

To see if the Town will vote to establish the Tricentennial Fund as a formal trust fund.

Article #26 — moved by R. Wheeler, seconded by D. McNerney who reiterated the activities of and sales of the Bicentennial celebration, items that were sold, etc. He stated that there was \$250.00 left over from the Bicentennial, and it was turned over to the Trustees of the Trust Funds. No discussion followed. Voice vote, AYES unanimous. Moderator declared article passed.

ARTICLE 27

To see if the Town of Goffstown will vote to oppose the selection of any site in New Hampshire as a disposal site for high level radioactive materials; authorize Town officials to cooperate with State officials and others in opposition to said selection; and, direct Town officials to communicate the sentiment expressed in this article to the President of the United States, the United States Department of Energy, the New Hampshire Congressional Delegation and the Governor of the State of New Hampshire.

Article 27 — moved by E. Nickerson, seconded by P. Guptill. Explained by E. Nickerson, citing the wells for the Town are in his backyard, "what if radioactive materials get into the wells?" Opposition was stated by Harry Stanhope, "N.H. produces waste, and N.H. should take care of it." Mr. R. Berry stated that we would get more than just N.H. waste. The vote, voice vote, AYE, loud, No, a few. Moderator declared article passed.

ARTICLE 28

To see if the Town will vote to authorize the Board of Selectmen on behalf of the Town to enter into a cooperative agreement, pursuant to RSA Chapter 53-A, for the purpose of joining together towns in a joint and cooperative effort for the disposal of solid waste in a manner which will meet federal and

state regulations. The cooperative to be formed under the cooperative agreement will be designated the "TriCounty Solid Waste Management Cooperative." A copy of the current draft of the proposed cooperative agreement is posted with the warrant and is available at town offices during normal business hours. The Board of Selectmen is specifically authorized on behalf of the Town (a) to execute and deliver the agreement (with such changes therein from the posted agreement) as the Board of Selectmen shall approve, such approval to be conclusively evidenced by the Board of Selectmen's execution thereof, and such other instruments, documents, and agreements as the Board of Selectmen in cooperation with the town counsel, may deem necessary or desirable in furtherance of the purposes of this agreement, including but not limited to instruments, documents and agreements with private parties for the collection, transportation, delivery and disposition of all or part of any solid waste generated within the Town to designated resource recovery facilities or such other facilities as may be designated by the Town for processing, or for other disposition or handling; (b) to cause to be performed all obligations which may from time to time be required pursuant to the terms of the cooperative agreement; and (c) to take action thereto.

Article #28 — moved by R. Wheeler, seconded by M. Allard. Explained by R. Wheeler the Tri-County consists of towns from the three counties, Hillsborough, Merrimack and Rockingham, and that no funds are needed for this article; the money is already in the budget. This article is for authority to expend any funds and to enter into negotiations with VICON, with Manchester as the host community. The town will pick up garbage, and the plan is to use it for energy, which will be sold and the town will realize some revenue from the sale of the energy. At this time, we are involved in the planning stages and need authorization to go on with plans. The present dump opened eighteen years ago and hopefully will last two more years. M. Ryan moved question, B. Rand seconded. Passed by voice vote. Article vote, voice vote. AYE loud, no, one. Moderator declared article passed.

ARTICLE 29

To see if the Town will vote to authorize the Board of Selectmen on behalf of the Town to enact ordinances concerning the supervision and regulation of the collection, transportation, delivery and disposition of all or part of any solid waste generated within the Town so that the same is delivered to a designated resource recovery facility or such other facilities as may be designated by the Town for processing or for other disposition or handling.

Article #29 — moved by R. Wheeler, seconded by M. Ryan. Question re: business's waste not now collected by the Town. Answer: It will have to still be taken to the transfer station. The vote, AYE, unanimous. Moderator declared article passed.

ARTICLE 30

To see if the Town will vote to authorize the Selectmen to apply for, receive and expend money from any other governmental units or private sources to be used for purposes for which the Town may legally appropriate money; provided (1) that such grants and other monies do not require the expenditure of other Town funds, (2) that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and monies; and (3) that such items shall be exempt from all provision of RSA 32 relative to limitation and expenditure of Town monies, all as provided by RSA 31:95-b.

Article #30 — moved by E. Nickerson, seconded by R. Wheeler. Explained by Mr. Nickerson that a public hearing is always held to accept any funds. The vote, voice vote, AYE, unanimous. Moderator declared article passed.

ARTICLE 31

To see if the Town will vote to authorize the Selectmen to borrow from time to time, such sums of money in anticipation of taxes as may be needed to meet the necessary running expenses of the Town.

Article #31 — moved by M. Allard, seconded by R. Wheeler. Mr. Allard explained that this authority to borrow has not been used since the Town went on dual tax billing, but the authority is still required. Voice vote, AYE unanimous. Moderator declared article passed.

ARTICLE 32

To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax collector's Deed, purchase, prescription or gift.

Article #32 — moved by E. Nickerson, seconded by R. Wheeler, who explained that the Selectmen are authorized to sell real estate owned by the Town without a Town meeting to get the parcel back on the tax books-not usually large pieces of property. Voice vote, AYE, loud, No, a few. Moderator declared the article passed.

ARTICLE 33

To see if the Town will vote to authorize the Selectmen to establish a permit fee system for the Building Department.

Article #33 — moved by M. Allard, seconded by R. Wheeler. M. Allard stated that the money (fees) will help pay for the Building dept. expenses. Voice vote, AYES unanimous. Moderator declared the article passed.

ARTICLE 34

To hear the reports of Town Officers, Auditors and Committees and to pass any vote relating thereto.

Article #34 — No reports, Mr. Nickerson thanked the Town for re-electing him as Selectman and for making life in

Goffstown for he and his wife for the last 38 years, in his businesses and his political career, so pleasant.

ARTICLE 35

To transact any other business that may legally come before said meeting.

Article #35 — No more business to be transacted. Motion to adjourn by A. Knight, seconded by M. Ryan, the Moderator declared the meeting adjourned at 10:40 p.m.

Respectfully submitted,

Elaine C. Emerton
Goffstown Town Clerk

Trustees of the Trust Funds

We are pleased to report that we have again experienced a successful year in the management of funds entrusted to our care.

Our investment portfolio, described on the accompanying reports, reflects a 3% gain in our book values, to a principal total of \$431,117, which includes unspent income earned in prior years.

The net income of \$34,612 is almost identical to the 1985 income, relating to an 8.3% return on investment of \$418,050.

We are particularly pleased with the performance of our Investment Counselors at Merchants National Bank, in view of the interest rate declines experienced during the last twelve months.

Leonard R. Crotty, Chairman

Report of the Common Trust Fund Investments of the Town of Goffstown, NH on December 31, 1985

Master Plan Update Committee

Planning Board and the Board of Selectmen. The committee is charged with assisting the Planning Board in a duty which is required by State Law (RSA 674:1) and which is necessary for planned, coordinated development in accordance with existing and future needs of the Town of Goffstown.

This committee has met on a monthly basis and has had representatives from the So. NH Planning Commission and the engineering firm of Hoyle-Tanner and Associates as guest speakers. We have also met with the Boards of Selectmen and Planning at a joint meeting.

During this period, the committee developed a community questionnaire, results of which will be published in the local paper during January 1987 as the final tally is not available at this writing.

Because of the complexity of addressing the future needs of the town including housing and land use, location of industrial areas, transportation access to and from these areas, outlining future and existing public utilities and a host of other requirements which make a Master Plan meaningful; this committee recommends that the Town approve and appropriate funding to retain a Planning/Engineering consultant to update the current plan.

By having a plan that contains the most up-to-date information regarding current and future population and area densities, Goffstown can continue to grow with the prudent use of available resources, yet conserving open space for the next generation(s).

Goffstown Historic District Commission 1986

The year 1986 was very important for the Goffstown Historic District Commission.

The year began with three proposed historic districts being considered by the Planning Board at public hearings in January and February. The three districts included Parker Station (seven houses), Grasmere Grange Hall, and Grasmere Center Street (which included the Grange Hall). There was considerable interest in the districts at the hearings.

In March, the voters approved the Parker Station District and the Grange Hall District. Following approval of the two districts, work began on the regulations to govern activities in the districts. A public hearing was held in July at Parker Station and another was held in August at the Grange Hall. Following those hearings the regulations were approved. Copies were sent to residents of the districts, and are available at the Building Inspector's office at Town Hall.

These historic districts fulfilled the final requirement necessary for Goffstown to become a Certified Local Government. The CLG program is a partnership between municipal government and the State preservation program to encourage and expand local involvement in preservation-related activities.

We submitted our CLG application and financial report for 1985 and 86 in Sept. and were notified in Dec. that our application was approved, so that our grant of \$1500 would be received by the Town as revenue before the end of the year.

Six towns in the State have applied for CLG status; Goffstown, Derry, Jaffrey, Newington, Sanbornton and Somersworth. The application for CLG funding to continue our activity in 1987 and 1988 has been submitted so that commission expenses will continue to be matched by the CLG grant.

Commission expenses include printing, copying, etc., and much of the work is done by volunteers, including Commission members. We belong to and attend workshops and meetings of the NH Assn of Historic District Commissions and hosted a meeting of that association in July at the Historical Society Building in the Parker Station Historic District.

The Commission includes seven members and three alternates. One of the members is a resident of the Parker Station Historic District.

Librarian's Report

Nineteen eighty-six was another year of growth and change at the Goffstown Public Library. New Programs and facilities were added; circulation continued to grow.

The Board of Trustees, with Peg Higgins as chairperson, was responsible for the construction of a much needed parking lot for patron use. These eight parking spaces were made possible when neighbor Jack Kilmartin donated a strip of land for that purpose.

The library purchased an IBM XT personal computer with a matching grant from the Lions Club, making it possible for us to hook up to the New Hampshire Automated Information System (NHAIS). Through this computerized service, the Goffstown Library has access to more than 200,000 titles in libraries throughout the state. NHAIS also contains the Newspaper Index and the Status of Bills Index. We also joined the Greater Manchester Integrated Library Cooperative System, a local system to be used for an on-line catalog as well as a circulation system. With the assistance of Trustee Karen Heise, the library plans on automating several of its routine tasks in 1987.

Over 3000 items were added to our collection in 1986. The growing children's paperback collection has been very popular and books on tape have been so well received by adults that this collection will be enlarged next year.

Two summer reading programs for children in grades 1-6 were held last summer, one at the library and one at St.

Edmond's Church in Pinardville. We hope to return to the Bartlett School for this summer's reading program. Over 80 children from both locations attended the reading club party; a puppet workshop.

In October, over 50 children signed up to hear stories and do crafts for an hour on Wednesdays after school. Volunteers read stories and conducted craft activities. Three weekly after-school storytimes are planned for the winter/spring of 1987 - two sessions at the library and one at Bartlett School.

The N.H. Council on the Humanities awarded a grant to the library for a discussion series held last March & April.

The Friends of the Library sponsored an Odds Bodkin's Halloween Story Hour at the High School, which raised over \$900.00 for Friends' activities. Such programs will become annual community events.

Nearly 600 new borrowers joined the library this year and circulation increased approximately 10% over last year.

The Trustees and staff express their appreciation to the many Goffstown residents who have contributed time, money and materials to the library. We look forward to 1987 with many plans for improving our service to the community.

Goffstown Sewer Commission

The Goffstown Sewer Commission meets on the first Tuesday of each month at 6:30 p.m. in the Town Hall. Individuals requesting discharge permits must contact the Commission's chairman to schedule an appointment.

The beginning of 1986 saw the Goffstown Sewer Commission completing the interceptor design with the anticipation of receiving construction bids in the spring. In April, we were advised by the NH Water Supply and Pollution Control Commission, that due to cutbacks at the federal level, funding for our interceptors may be delayed or eliminated. We were further advised that even if the funding was eliminated, Goffstown would still be required to construct the interceptors.

In May, the Water Supply and Pollution Control Commission established a task force encompassing the communities of Goffstown, Bedford, Londonderry and Manchester to study the economic effects of reduced funding. Sewer Commissioner John Davis and Selectman Robert Wheeler were Goffstown representatives. The task force demonstrated the economic hardships of reduced funding, and Governor Sununu advised that he would support State legislation to make up any difference in federal funding.

In September we were notified by the NHWSPCC that the funding for our first phase of construction was available and we could proceed with the bidding of Contracts 1A & 1B. Throughout the fall, we held public hearings and met with property owners to obtain the necessary easements for construction. We would like to thank the property owners for their cooperation in the matter.

In Dec. 1986, we opened bids for Contracts 1A & 1B with the bid amounts of \$1,499,400 and \$1,038,237 respectively. These two contracts will take the interceptor from the Manchester Goffstown line to approximately the Parks & Recreation building on Route 114. A March 1987 construction start is anticipated with construction taking about 18 months. The Commission would like to give special thanks to Marilyn Hozeny and Armand Dugas for their unselfish assistance in making our busy schedule a little easier.

Respectfully submitted,

Paul E. LaPerle, Chairman

Auditor's Opinion

Board of Selectmen
Town of Goffstown
Goffstown, New Hampshire

I have examined the combined financial statements of the Town of Goffstown and individual fund financial statements as of and for the year ended December 31, 1985, as listed in the table of contents. My examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the combined financial statements referred to above present fairly the financial position of the Town of Goffstown at December 31, 1985, and the results of its operations and the changes in financial position of its proprietary fund types and similar Trust Funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year. Also, in my opinion, the combining and individual fund financial statements referred to above present fairly the financial position of the individual funds of the Town of Goffstown at December 31, 1985, their results of operations, and the changes in financial position of individual proprietary funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

My examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining and individual fund financial statements. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Goffstown. The information has been subjected to the auditing procedures applied in the examination of the combined, combining, and individual fund financial statements and, in my opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

Goffstown Fire Department

During 1986, the Goffstown Fire Department again experienced an increase in activity. We handled 908 alarms as compared to 858 in 1985, and the number of inspections on new and existing buildings increased by 10% over last year.

The Fire Dept. has stations at three locations; Goffstown Village, Pinardville and East Goffstown (Grasmere). The Village and Pinardville stations are open seven days a week from 7:30 a.m. to 5:00 p.m. They're manned weekdays with nine full-time employees, and on weekends and holidays with five part-time employees. This year, we've requested funds to enable us to open the Grasmere Station and increase our daytime coverage of the other two stations; thus assuring that our equipment and manpower would be available during daytime hours when call personnel are at their jobs, mostly out of town.

At the present time our 1956 Seagraves in the Village station is in need of replacement. In October, it was necessary to take the aerial portion of this vehicle out of service due to structural deficiencies found by a national testing company. The replacement of this ladder truck is the top priority of the Fire Dept. for 1987.

It is hoped that our 1979 ambulance will be replaced in 1988. The Goffstown Emergency Medical Services Assn. has been setting aside funds in a capital improvement account for the last several years and is now undertaking a concentrated effort to raise the additional amount needed for the purchase. Several of our Emergency Medical Technicians (EMTs) completed their recertification process this year. Maintaining skills and certification is a major responsibility of the EMTs, and requires many hours of training, with exams being administered by the State of New Hampshire.

A major part of our Emergency Medical Services system is our first responders in the East Goffstown and Pinardville areas. They insure that members of the community in those areas receive prompt and efficient medical aid.

Our volunteer EMTs continue to see an increasing workload. They are always willing to aid the community in times of emergency; without their dedication, Goffstown would not have the emergency medical services we deserve and need.

I would like to thank all Department members and their families; all citizens, Selectmen, department heads and town boards for their support this past year.

Report of Town Forest Fire Warden and State Forest Ranger

Between July 1985 and June 1986, we experienced fewer fires than normal. The two leading causes of forest fires were again children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with **your** help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

Goffstown Parks & Recreation

1986 saw the completion of the John C. Brown Community Track and Field project. This project, which was completed in cooperation with the Goffstown School district, adds an additional facility for the citizens of Goffstown to pursue healthy, positive recreation opportunities.

We in the department are always ready to listen to new ideas for programs, and I want to thank the people of the town for their support.

I would also like to take this opportunity to thank the Goffstown Parks and Recreation Commission for their volunteer efforts and support of the Parks and Recreation Department. Also, I wish to thank the Board of Selectmen, the Budget Committee, School Board and School Administration and their staffs for their cooperation; as well as Ken Perkins, my summer staff people and the many volunteers who devote their time and energy for the department.

Too, I would like to recognize the Goffstown Police Department for their help, especially for our road races (Great job, Puggy!) as well as the Fire, Highway and Water Departments. Support groups such as the Goffstown All-Sports Booster Club, Goffstown Lions Club, Rotary Club and the Junior Women's Club all help us to provide the best services we can bring to Goffstown.

Following is a list of our programs and participation levels, as well as the facilities which we are responsible for maintaining.

Goffstown Civil Defense - 1986

The Goffstown Civil Defense organization is responsible for the on-going development and implementation of an Emergency Operations Plan which facilitates a rapid and planned response by local, state and federal agencies, in the event of a natural or man-made disaster. Director Stephen Monier and Deputy Directors Edward Tuthill and Brad O'Neil insure that aspects of the plan are up-dated, and work closely with the NH Civil Defense Agency in that regard.

In past years, portions of the plan have been activated during seasonal flooding along the Piscataquog River, during winter storms, and during hurricane "warnings" or "watches" such as that of Hurricane "Gloria" of 1985. Essentially, the basic emergency operations plan delineates the responsibilities and provides operational guidelines for the various town service agencies such as police, fire, and highway. The emergency operations center (EOC) is located within the police & fire dispatch center, housed in the police department.

Civil Defense monies were granted from the federal government to assist with a portion of the funding of a new EOC in the new police facility to be constructed during 1987.

Goffstown participates in the Civil Defense EMA program with the State and Federal Emergency Management agencies, and as such, is re-reimbursed for its expenditures in this area.

DISCUSSING THE Town's Emergency Plan are (l-r) Deputy Directors Brad O'Neil and Edward Tuthill and Director Steve Monier.

Conservation Commission Report

CONSERVATION COMMISSION

Hurrah! Phase Two of the Nature Trail on The South Mountain of the Uncanoonucs is now complete. Thanks, once again, to the efforts of Boy Scout Troop 99 under the leadership of Chris Bickford working for his Eagle Scout badge, we now have a viewing platform on the upland marsh in the saddle of the Uncanoonucs. Much designing, pre-cutting and pre-assembly work was done during the summer and finally in September, all the materials were hauled along the mountain trail and reassembled on the marsh. It was an interesting experience for all involved.

The new Town Ordinance restricting the beach area to town residents only, and prohibiting the use of alcoholic beverages is now in effect. We encourage all residents of the Town to visit the pond and walk the nature trail.

Many requests for Dredge and Fill permits were filed in the Town during the past year. Each one is reviewed by a member of the Conservation Commission to be sure that the many areas of wetlands in our Town are not jeopardized in any way. Protection of our wetlands is of vital importance to the community, not only as a habitat for wildlife, but also as a means of replenishing our groundwater aquifers and acting as retention areas for water during heavy rains and snow melt.

We hope that residents and visitors alike will continue to enjoy the natural resources we have in our town. Remember, litter is unsightly and unnecessary, and is expensive to town residents.

Any citizen of the town who would like to become involved with the Conservation Commission is most welcome. Please call Diana Sterling at 497-2062.

Grasmere Village Water Precinct Report

REPORT OF THE GRASMERE VILLAGE WATER PRECINCT

The Grasmere Village Water Precinct will be growing rather rapidly over the next year or two. There will be an addition of thirty-two units at the corner of Locust Hill Road, which will entail replacing the main from the Bel-Air Nursing Home to Locust Hill Road. Cost of replacement will be borne by the developer.

There will also be an addition on the Back Road as the Racquet Club is to be converted to housing units and must have water.

We are still working with Manchester Water Works to establish a new contract for the supply of water to the district. We hope that this will be accomplished in the next year.

Record of the Annual Meeting of the Goffstown Village Water Precinct

The goal of the Board of Water Commissioners is to provide safe drinking water, meeting all state regulations, for the customers of the Goffstown Village Precinct, and to do so at the most reasonable cost.

To this end the year 1986 continued to place significant pressure on the Village Precinct. The primary concern was the need to monitor the Safe Drinking Water Act as new regulations continued to be issued by the Environmental Protection Agency. It requires a great deal of staff time to achieve our goals in this area.

The continued growth of the Village area is also putting pressure on the Precinct. Working with the engineering firm of Whitman and Howard, the Board hopes to relieve this problem.

Water usage for the past year was a total of 42,967,875 gallons. This total reflects water used from both the wells and from the reservoirs. There were ten water line breaks, seven new services were installed, one new hydrant was added to the system and two hydrants were replaced. There were thirty five meter replacements and 600 feet of new main was added to the existing system.

Again this year, the Board of Water Commissioners has continued to improve the water system and the services, and has provided safe drinking water.

Respectfully submitted,

James P. Ackerman, Chairman

Record of Annual Meeting

March 17, 1986

The Annual Meeting of the Goffstown Village Water Precinct was held at the Goffstown Upper Elementary School on March 17, 1986, and was called to order at 7:30 p.m.

It was moved, seconded and so voted to dispense with the reading of the Warrant and to take up each Article in order.

ARTICLE 1

Gordon Jackson was elected Moderator and was sworn in by Lois Stevens. Isabelle Gilbert was elected Clerk and was also sworn in by Lois Stevens.

ARTICLE 2

Albert Gilbert was nominated and elected to serve another five year term as a Water Commissioner.

ARTICLE 3

It was moved, seconded and so voted to accept the Budget Committee report and to appropriate the sum of One Hundred Five Thousand, Seven Hundred and Twenty Eight Dollars for the ensuing year.

ARTICLE 4

It was moved, seconded and so voted to allow the Board of Water Commissioners the right to borrow in excess of One Thousand Dollars (\$1000.00) for any emergency which might arise.

ARTICLE 5

Chairman James Ackerman referred to the fact that the Board of Water Commissioners has been mandated to proceed with a corrosion control program.

A study has been made relative to this by Whitman and Howard, the Board's consulting engineers. A moratorium is to be placed on future water entrances until an additional water supply can be found.

Poly-pigging is to be discontinued and improvements in existing mains will be made. Some of our older mains are to be replaced.

A discussion ensued on the moratorium and also on riparian rights to the Piscataqua River.

ARTICLE 6

As there was no further business to come before the meeting, it was moved, seconded and so voted to adjourn the meeting at 7:55 p.m.

Isabelle Gilbert, Clerk

Warrant for 1987 Annual Meeting

March 16, 1987

To the inhabitants of the Goffstown Village Precinct qualified to vote on Precinct affairs:

You are hereby notified to meet at the Goffstown Upper Elementary School in said Goffstown, in said Precinct, on Monday, March 16, 1987, at 7:30 in the evening to act upon the following articles:

ARTICLE 1

To choose all necessary officers for the ensuing year, including a Moderator and Clerk.

ARTICLE 2

To elect one (1) member of the Board of Water Commissioners for a term of five (5) years.

ARTICLE 3

To see if the precinct will vote to accept the report of the Board of Water Commissioners to appropriate the sum of Two hundred and six thousand, five hundred and ten dollars, for the ensuing year.

ARTICLE 4

To see if the Precinct will vote to allow the Board of Water Commissioners the right to borrow money in excess of One Thousand Dollars (\$1,000) due to any emergency that may arise.

ARTICLE 5

Visiting Nurse Association

In 1987 the Visiting Nurse Association is beginning its 90th year of service to the Greater Manchester community. Our service area includes Manchester, Amherst, Auburn, Bedford, Candia, Derry, Goffstown, Hooksett, Litchfield, Londonderry, Milford, and Mont Vernon.

This year a full range of home health services have been provided to Goffstown and other residents including nursing care, physical, occupational and speech therapies, nutrition counseling and medical social services. Home Health Aide, Homemaker, and Companion Services, as well as Private Duty Nursing. Hospice care for the terminally ill and their families is also provided. Service is available everyday and 24 hours/day.

VNA is certified for Medicare and Medicaid payment and provides services for private payment as well. Fees are explained to our patients at the first visit to the home, and for those unable to pay the usual fees, adjustments can be made on an individual basis.

VNA Community Services, Inc. provides free Immunization Clinics for all age groups every other month and Free Blood Pressure screening clinics monthly in Goffstown. Foot Care clinics are held monthly at our 194 Concord Street office by appointment and blood pressure checks are done weekdays from 1:30 to 4:00 pm. Occupational Health programs are provided to business and industries as are Parent-Child Health Services which include the Teenage Pregnancy Program.

Town appropriations, grants, United Way allocation and donations are a vital part of the funds that help to defray the cost of unpaid service provided.

Representatives of the town of Goffstown who serve on the VNA Board of Trustees are Rev. James Christon and Alice Knight.

Sincerely,

Sarah Hubbard
Executive Director

Board of Adjustment

The Board of Adjustment considers the granting of variances and special exceptions, after public hearing and notice, in accordance with the Goffstown Zoning Ordinance and applicable State laws.

Petitions for variances, special exceptions and other appeals as provided for in the zoning ordinance, may be submitted after denial of a building permit by the Building Inspector.

Petitions should include sketches with accurate measurements and any other information that clearly describes the petitioners' plans. The Board's decision may be delayed if inadequate information is provided with the petition.

Regularly scheduled public hearings are held on the first Tuesday of each month at 7:30 pm at the Town Hall. Special public hearings and meetings are held as required. Notices of hearings are posted in the Town Hall and advertised in the Goffstown News. All hearings and meetings are public and all are encouraged to attend.

No. of petitions - 106

No. of petitions granted - 82

No. of petitions denied - 24

Planning Board Report

Each year, our report states, "the past year has been extremely busy". 1986 has been more than busy; it has been hectic, tiring and at times, just plain frustrating!!!

The Goffstown Planning Board is and has attempted to keep pace with the dramatic growth now taking place all over New Hampshire. This unpaid, elected Board has met either together or separately over one hundred times this year. Meetings were held with Town Officials, landowners, abutters, developers, attorneys, surveyors, engineers and the press.

In trying to keep abreast of the dozens of projects-from two-lot subdivisions and minor site plans to many-hundred-unit residential plans and shopping centers; your Board has met weekly during 1986, and then barely has kept up with the ever-growing rush of continued area growth.

In addition to its regular meetings, the Board has somehow found time to hold special meetings to formulate major changes in the town zoning code. We are about to have new zoning, subdivision and non-residential site plan books printed, to be available about April 1.

We have held hearings on and approved significant changes in the subdivision and non-residential site plan regulations.

The Board, with the help of the Selectmen, has appointed a Master Plan Update Committee. This group, with help and guidance from our Board, is doing an excellent job in updating our Town Master Plan. They, together with professional assistance, should have a new Master Plan by late fall.

Most members of the Board attended seminars sponsored by the Southern NH Planning Commission and the NH Municipal Assn. These sessions were very helpful in keeping up with current laws and court decisions.

During the last half of this year, the Board realized it could no longer, as a part-time board, properly handle the massive task of scheduling, phoning, answering questions, writing and answering letters, etc. from the dozens of projects before the Board; and also monitor zoning, subdivision and site plan regulations, plus coordinate reports from town departments involved in the many projects. With the excellent cooperation of the Board of Selectmen, former Board member Diana Sterling was hired to be Planning Board coordinator. Much of her salary will be paid by developers' fees and her worth will be repaid many times over, by more orderly planning for the Town of Goffstown. We are very pleased with her dedication and effort.

One other matter the Board is working on is the need for a Zoning Code Administrator. This position would be a Building Official who would help with the tremendous workload in the Building, Zoning and Health Department. Your Board, with the cooperation of the Board of Selectmen, hopes this position will be filled in 1987.

The Board lost a very dedicated alternate member during the year-Marcel Martin. His outstanding support, tireless work and true insight will never be forgotten.

On behalf of all the citizens of Goffstown, I sincerely thank each and every member of the Board for their devotion to their Town-you are appreciated.

We would like to especially thank Selectman representatives to the Board, Bob Wheeler and Maurice Allard for their vital help in coordination between the Boards; Board Secretary Doris Ducharme for her patience...even at 2:00 a.m...Town Counsel Ray Cloutier and his assistant Richard Fradette for their help in our many ongoing legal matters; Town Engineer Armand Dugas for his valuable work on plans and on project sites; Building Inspectors Dennis Sarette, Ted Merrill and Bob Marceau for their meeting attendance and insight; Fire Chief Dick Fletcher for his support, assistance and attendance, Police Chief Steve Monier for his valuable input concerning the growing traffic and crime problems. We also thank the Goffstown News for their coverage of our busy year.

Lastly, we sincerely appreciate the cooperation of the Goffstown Sewer Commission, the Zoning Board of Adjustment, the Goffstown and Grasmere Water Precincts, the Goffstown School Districts, the Southern NH Planning Commission, the Capital Improvement Committee and, not least, Administrative Assistant Dave Crowell for putting up with all of our requests.

L. A. Emerton, Chairman

GOFFSTOWN PLANNING BOARD: (l-r) Fred Jennings, Larry Emerton, Milton Meyers, Maurice Allard, Fred Plett, Dick Bruno, Diana Sterling, Bruce Hunter, Armand Dugas.

Highway Department

This department has had another busy year, keeping up with the needs of our expanding community. Each division has experienced a heavier workload and scope of responsibilities due to the growth of the town.

Following is a brief outline of activities within each division during the past year.

HIGHWAY - The total road mileage in our highway system has been increasing, as has the volume of traffic on existing roads with each new residential or commercial development. We work closely with the Planning Board to ascertain that all approved roadway and drainage designs meet our minimum standards. We have also been working closely with the Board of Selectmen in requiring performance guarantee bonding by all developers during construction.

In addition to the daily maintenance of roads, major asphalt resurfacing was accomplished this year on fourteen roads, totalling over seven miles of new pavement. An in-house study of long range maintenance and upgrading requirements of our highway system over the next twenty years, is currently being completed to determine the adequacy of our annual funding level for road repairs. The results of this study will more accurately indicate our annual proportionate responsibility for the continuing maintenance and improvement of our total road system.

SANITATION - This division is primarily responsible for the daily collection transportation and disposal of all solid waste and refuse.

The Town is divided into five collection districts, one for each weekday, with two full-time packer trucks and pickup crews. A double pickup is made after each non-working weekday holiday by adding additional personnel and dump trucks from the Highway division.

The sanitary landfill area (dump) is operated six days a week, primarily with two full-time equipment operators on duty. In addition to the refuse compaction and sand cover work to comply with State regulations for environmental concerns, working personnel check for resident stickers and record all commercial dumping for billing purposes.

SEWERAGE - The Pinardville area has a large municipal sewage collection system which currently empties into the Piscataquog River without treatment. The Village area also has a collection system. It feeds into a small treatment plant near the river. These two systems which are independent of each other, are maintained by a working foreman and assigned highway personnel as needed, plus a full-time licensed plant operator.

Construction is scheduled to begin this summer on the long awaited sewer interceptor which will tie the two systems together for later connection to the Manchester treatment plant.

CEMETERY - This division handles all interments and ground maintenance at the three municipally operated cemeteries. Duties are performed by one working foreman, one laborer and seasonal help during the summer months. Special year to year improvement projects are carried out as well as annual flower plantings.

This department wishes to express special thanks to Lorenzo "Joe" Perry, our former director, for his many years of devoted service. We extend to him our very best wishes for a long and enjoyable retirement.

Armand A. Dugas
Public Works Director

Goffstown Police Department

The Goffstown Police Department received a total of 9,172 citizen generated calls for service (CFS) in 1986 versus 9,142 in 1985. This reflects an increase of .32%. In addition, a total of 4,215 arrests were made. Additional data concerning some of the categories of complaints received and arrests made, are contained within the body of this report.

While trends in criminal activity are difficult to identify, several categories merit further comment. It is interesting to note that of the serious property crimes reported during the past five years, burglary has declined. There were 79 reported burglaries in 1986, versus 108 in 1985, a decrease of 26%.

Of the serious crimes against persons reported to the police department, the category of child abuse and neglect constitutes the most steadily increasing, up 42% over 1985, with 27 incidents having been reported and investigated in 1986. These cases are inherently tragic, difficult, and very time consuming. Narcotics complaints (and arrests) have also steadily increased, and this area continues to receive a high priority in the police department.

PROGRAMS

The "Officer Friendly Program" now in its eleventh year, allows police officers to visit each classroom, grades K - 4, twice each year. A Sears-Roebuck Foundation sponsored program, this has become a mainstay of the Department's effort to provide children with valuable information on crime prevention, safety, and the role of the police officer in society. We are grateful to the school department for its continued support and cooperation in this effort.

During 1986, grant monies were again received from the NH Highway Safety agency to augment the community's efforts in DWI and Alcohol counter-measures. These monies allowed additional patrols on targeted week-ends to assist in enforcing the State's DWI laws. The threat of the drunk driver on our highways remains a serious one. In concert with the Goffstown Chemical People Task Force, the department will continue to work towards education, prevention and enforcement of these issues.

As noted above, narcotics activities are a serious concern to the community, the region and the State. The Goffstown Police Department has cooperated fully with the Attorney General's Drug Task Force, which was formed in 1986 to assist in a statewide effort to combat illegal drugs. The department has offered and received assistance from the Task Force, and Chief Monier serves on its Board of Directors.

PATROL SERVICE

The foundation of good police service, is good patrol service. During recent years it has become evident that the pressures from growth have taxed our ability to continue to provide the same levels of quality service. A good portion of the calls for service are in areas which are non-criminal in nature, i.e. administrative, courtesy and intervention functions. As noted below, like categories have caused similar demands.

Perhaps nowhere has patrol service been more affected than by the increase in the amount of traffic. Since Routes 114 and 13 serve as major conduits to other rapidly growing areas, these arteries continue to be burdened. In a five year period from 1981 to 1986, accidents increased 42%. There were 1,059 accidents in Goffstown in 1986, an astounding 2.9 per day. 554 of those were investigated by patrol officers. Because there is a correlation between a stricter enforcement policy and a lowered serious accident rate, the Goffstown Police has always adopted a strict motor vehicle enforcement policy.

Our patrol officers and support personnel are to be commended for their continued diligent service to the community.

COMMUNICATIONS AND RECORDS KEEPING

Increasing demands for service and activity create additional paperwork, much of which is required by local, state and federal law. Officer-dictated reports and paperwork create a significant flow for the records division.

Besides the police & fire dispatching for our own community, Goffstown provides contractual services for the New Boston Police and Fire Departments. This generates some offsetting revenue for the Town.

FUTURE PROJECTS

Ground breaking ceremonies for the new police facility, to be located on Rte 114 in the center of the community, took place in late October of 1986. A combination of monies from a federal grant, and a sale of a portion of the land, will be utilized to construct the new 8,400 square foot facility. A 1987 occupancy is anticipated. This facility will alleviate serious space and design problems which exist in our current quarters, and will allow for needed expansion for other municipal/town hall services.

The Police Department received a total of 9172 complaints during 1986 versus 9142 in 1985. This reflects an increase of + .32% in the number of complaints received. The following categories reflect a portion of those complaints:

As your Chief of Police, I want to thank you for your continued support and cooperation in creating a safe and secure community environment for all of our citizens. Ultimately, the containment of crime, and the security of the Town is a mutual effort. Police Officers are simply paid to do what is EVERYONE'S responsibility.

Respectfully Submitted,

Stephen R. Monier

School District Meeting

March 13, 1986

The Moderator, Larry Emerton, called the meeting to order at 8:20 p.m. The flag ceremony was conducted by Goffstown High School students, Allison Rose, President of the Student Council, Cindy Gruden, President of the Junior Class, Liana Masse, President of the Sophomore Class, Rajiv Parikh, Vice-President of the Senior Class, Kathy Atchison, President of the Freshman Class and Todd Cloutier, Vice-President of the Student Council. The Moderator announced there is NO SMOKING in the hall; also the ladies are in the foyer conducting a fund-raiser for the Maple Avenue playground and that all volunteers would be gladly accepted to work on the Maple Avenue playground at Maple Avenue School on Saturday, May 24, 1986.

Moderator introduced Interim Superintendent of Schools, Dr. Charles Lamontagne, Ass't Superintendent Ken Greenbaum, Business Administrator Darrell Lockwood, High School Principal Bill Marston, Maple Avenue Principal Dr. Linda Kemper, along with the members of the school board; Chairman Donna Kelly, Vice Chairman Patricia Guptill, Sara Sarette, Barbara Simons, Helen Skoglund, Suzanne Tremblay, Gary Wall and Paul Welch. Also the budget committee members were introduced: Chairman Attorney Michael Ryan, Bruce Rand, Robert Wheeler, Selectman, Maurice Raymond, Julien Gagne, Margaret Bell, Richard Nadeau, Henry Boyle, Donald Gruden, Charles Henault and Rosemary Garretson. The results of the School election with introductions of the winners: for Treasurer for 2 years, George G. Gibbs, and for 3 years on the school board: George A. Fullerton, Patricia A. Guptill and Barbara A. Simons. The moderator stated that there were no special school articles followed by the reading of the regulations and duties of Moderators under the N.H. State laws. He stated that all amendments must be in writing, only two acceptable on each article: he also explained the procedure of a secret paper ballot. The reading of the School Warrant Articles followed.

ARTICLE #1

To determine and appoint the salaries of the School Board and Truant Officers, and fix the compensation of any other officers or agents of the District.

Moved by Sara Sarette, seconded by Helen Skoglund. There was no discussion. Moderator asked for a voice vote-AYE, unanimous-Moderator declared the article passed.

ARTICLE #2

To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

Moved by Barbara Simons, seconded by Patricia Guptill. It was noted that all reports are included in the Town Report on pages 63-68. Voice vote-AYE, unanimous-Moderator declared the article passed.

ARTICLE #3

To see if the District will vote to authorize the School Board to make application for and to accept on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from any source, including the State of New Hampshire and/or the United States, and to appropriate any funds received from such sources including the State of New Hampshire and/or the United States Government to the payment of obligations of the District for which said grants and/or Government funds constitute full reimbursement, or take any other action in relation thereto, in accordance with RSA 198:20-B.

Moved by Paul Welch, seconded by Sara Sarette. The voice vote-AYE, unanimous. Moderator declared the article passed.

ARTICLE #4

To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials, and agents, and for the payment of statutory obligations of the District.

Moved by Chairman of the Budget committee, Michael Ryan, for the budget amount of \$7,137,194.00-seconded by Rosemary Garretson.

Chairman of the School Board, Donna Kelly, moved to amend with Amendment #1 to raise and appropriate the amount of \$7,444,897.00, seconded by Terry Marts.

Amendment #2 was then presented by Al Baines, who moved to amend the Amendment #1 to the amount of \$6,780,334.00, explaining that it is a decrease of 5% of the budget committee's budget, seconded by Bruce Hunter.

Mr. Baines spoke on his amendment stating that we have good schools and should be more fiscally conservative and this proposal is still \$400,000.00 over the 1985 budget. Gary Wall spoke against the amendment stating "it can't be done", that the High School and the Upper El are not in great shape.

The question was asked if the schools could operate on this amended figure-Budget Comm. Chairman Ryan replied, "can not say without having a committee meeting". Comments and discussion followed re: Goffstown taxes too high, should have good planning; 13% increase seems reasonable, the school board and budget committee spend long hours preparing their respective budgets.

Motion to stop debate by Felix Pelchat, seconded by R. Wheeler. The moderator stated the vote will be on the second amendment, which was re-read for the vote. Voice vote: AYE-a few, NO, loud. Mr. Baines moved for a standing vote count, seconded by Marcel Yergeau. The counters were called forward and sworn in by the School District Clerk, Elaine Emerton: F. Pelchat, B. Rand, D. Wheeler, Elmer B. Nickerson and M. Raymond.

Standing vote results: for amendment YES-39. Against NO, large majority. Moderator declared the second amendment DEFEATED.

Much discussion and explanations of cuts, state requirements, building maintenance, outdated books etc. Statement by G. Wall that "we" are 5 years behind in repairs and all the above problems.

Discussion of the CAPITAL IMPROVEMENT PROGRAM (CIP) followed. It is a priority item list which is considered by the budget committee, ie: roof, windows etc. which were not presented to the budget committee and increases "asked for" were not justified by the School Board to the budget comm. R. Wheeler made statement that the CIP Comm. meets at 6:30 a.m. and gave out invitation to anyone who would like to join them at that hour was welcome. He said 13% increase by the budget comm. and 16% increase in the school board budget should be seriously considered, "you can't get all you want, all the time", he urges the support of the budget comm. budget.

The moderator explained that the CIP is a list of "wants". Major items and "by and large" the improvements are programmed.

Mr. Nickerson spoke about the elderly people being hurt by the tax increases. Fred Kettenring stated that the ones being hurt are the students.

The question was moved by D. McNerney, sec. by M. Ryan.

Voice vote to stop debate-AYE, loud. A signed petition was presented for a secret ballot on Amendment #1 in the amount of \$1,744,897.00. The vote was explained-YES-will approve the school board budget, NO-will disapprove the school board budget.

The paper vote results: YES - 155
NO - 117

TOTAL PAPER VOTES 272

Moderator declared the Amendment to Art. 4 passed. The request for a paper ballot vote on the main article by French Stone was withdrawn.

The vote on the main article for \$7,444,897.00 by standing vote-YES, 161 - NO, 78. Moderator declared Article 4 passed as amended.

ARTICLE #5

To transact any other business that may legally come before this meeting.

No discussion moved to adjourn by J. Shapiro, seconded by R. Wheeler. Moderator declared the meeting was adjourned at 10:40 p.m.

Respectfully submitted,

Elaine C. Emerton
School District Clerk

TRANSMITTAL AND COMMENTARY LETTER

August 14, 1986

Members of the School Board
Goffstown School District

We have examined the combined financial statements of the funds and account group as indexed, of the Goffstown School District as of and for the fiscal year ended June 30, 1986. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As is the general practice with many New Hampshire municipalities, the Goffstown School District has not maintained a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

In our opinion, except that the omission of the financial statements described above results in an incomplete presentation, as explained in the preceding paragraph, the combined financial statements referred to above present fairly the financial position of the Goffstown School District as at June 30, 1986 and the results of its operations for the fiscal year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The supporting schedules listed in the index are presented for the purposes of additional analysis and are not a required part of the combined financial statements of the Goffstown School District. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

Respectfully submitted,

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Goffstown:

In my first annual message, I am pleased to report to you that the transition to a new administration has taken place in good order thanks to the very capable staffs in the central office and schools throughout the six member districts of SAU #19. Effective with the start of the new fiscal year on July 1, 1987, SAU #19 will be restructured to consist of four member school districts, Bow, Dunbarton, Goffstown and New Boston. This change is a result of a year of study by the member districts of SAU #19 and 24. This study culminated in the State Board of Education approving the member districts recommendation on August 13, 1986. Both the John Stark Regional and Weare School Districts, present members of SAU #19, will with the Hopkinton, Henniker and Stoddard School Districts, comprise the restructured SAU #24.

The 1986-87 school year opened with a general meeting of all School Boards and staffs. That meeting was held to promote "improved school atmosphere". This was established as the theme for the year.

To improve communications among the member School Districts, a Coordinating Committee with representation from each of the Districts has been established and meets on a monthly basis.

Dr. Elizabeth O'Reilly's position title has been changed to Assistant to the Superintendent for Special Needs. With the help of a review committee established by the Bow School Board, she has presented and had approved by all member Districts a revision of the Special Education Procedural Handbook for staff. She has also published a new child find pamphlet entitled, "Is Your Child on Target" and a Parent Information booklet.

All of the Districts in SAU #19 are involved in work related to school space needs. This work ranges from initial studies, to

building committees or actual construction. The need for additional school facilities is due to a number of factors. The factors include increased pupil population due to a construction boom and changes in educational programming.

Some of the educational programming changes are a result of attempts to meet existing State of New Hampshire standards. Others are made to meet the expectations of parents and the needs of students. There are also new State of New Hampshire standards proposals that must be considered.

Each of the respective Districts in SAU #19 have unique needs which can be resolved through a commitment to the type of local planning which systematically addresses needs before a crisis occurs.

I wish to express my appreciation for the assistance and cooperation provided me by the administrators, teachers, School Board, and citizens of Goffstown. Without this assistance and cooperation, many of the things accomplished would have been left undone, and I look forward to another prosperous year — a year of continued cooperation.

Respectfully submitted,

Timothy S. Gormley

GOFFSTOWN ANNUAL SCHOOL HEALTH REPORT
September 1985-June 1986

BARTLETT SCHOOL

Jeanine LaRoche from the Bartlett School reports that the student enrollment was 247 including the special education students.

The usual vision, hearing, height and weight screening was completed on all students. Dr. Norman Caron, school physician, examined fourth grade students.

The Pinardville Lions Club has donated a Tympanometer for use at the Bartlett School. The Tympanometer is a sophisticated instrument that identifies and monitors middle ear problems. Often times permanent damage manifests itself as hearing losses in varying degrees, thereby causing speech problems that are sometimes irreparable.

The dental health program served 100 students this past year. We thank the Bartlett Community Club for sponsoring this program. It is most unfortunate that after 15 years, the dental program has now come to a halt due to our inability to find hygienists.

The Visiting Nurses' Association held three immunization clinics at Bartlett School during the year. All Goffstown residents are invited to attend.

MAPLE AVENUE ELEMENTARY SCHOOL

Janet MacKay, school nurse at Maple Avenue School, reports that our dental health program, sponsored by the Goffstown Mothers Club, was most successful with 116 students participating. In conjunction with this program, a film called "Conquering the Cavity Creeps", was shown to the third graders. A toothbrush kit and flyers were handed out. A discussion followed telling the importance of brushing properly, seeing a dentist on a regular basis and proper eating habits, which included information on "good" snacks and "bad" snacks.

Fourth grade physicals were completed by our school physician with scoliosis screening and blood pressure evaluation done at this time.

All students in the school were screened for height, weight, hearing and vision. A follow-up was done on any child who failed the above tests.

A film was shown to a third/fourth combination class on wellness, personal hygiene and disease prevention. The children enjoyed this and a discussion followed with questions and answers. This was part of a science project. The importance of proper handwashing and having an adequate breakfast was also discussed.

UPPER ELEMENTARY SCHOOL

Kristi Fullerton, R.N. from the Upper Elementary School reports that the film, "Better Safe Than Sorry" was shown to all students followed by age-appropriate discussion on Child Sexual Abuse. Sixth grade science classes saw films on the dangers of smoking and also on the importance of childhood immunization. These films stimulated a great deal of student discussion with the school nurses and science teachers. "Growing Up" films were shown to boys and girls in both grades and some parents were able to participate.

The dental program was a huge success with 90 students participating. All students were screened for hearing and vision, scoliosis, height and weight and blood pressure.

GOFFSTOWN AREA HIGH SCHOOL

The High School Health services have conducted health screenings at 7th and 10th grade levels, plus all new students entering our school system.

The screening has consisted of vision, hearing, height and weight, blood pressure, scoliosis screening plus a health history update. Physicals were also completed by Dr. Norman Caron.

The health needs of students are evaluated and health counseling provided when necessary. Our counseling focuses on nutrition, disease prevention and a positive lifestyle.

Monitoring students health records for compliance with state immunization laws is a continuous and sometimes lengthy process, requiring many written requests and telephone calls.

Health related classroom presentations are conducted and specialized health material is provided for students preparing health related classroom reports.

The school nurses have focused on preparing themselves for delivering updated service through attending workshops, seminars and inviting guest speakers in specialized areas to conduct presentations.

We wish to thank all persons and community agencies that have complimented and provided needed services for our health program.

PRINCIPAL'S REPORTS
1985-1986

BARTLETT ELEMENTARY SCHOOL

Leon Cote, Principal

Special Education at Bartlett School, until recently has been housed in an open area in the lower level of Bartlett School. This past year a portion of the lower level has been partitioned off in order to provide the Special Education program with self-contained classrooms and to lower the interruption factor that commonly occurs within an open area. The installation of these partitions coupled with installation of new, larger thermal barrier windows has improved the learning atmosphere within the Special Education program.

Bartlett School is continuing to grow and we will be hiring another third grade teacher for the next school year. This past year we have taken the teachers room and made it into a second grade classroom due to the growth in student population. We have moved the library from downstairs to the hallway upstairs and we have combined the secretary's office with the nurses office in order to provide the faculty with a teacher's lounge.

Thanks to our able Assistant Superintendent, Mr. Kenneth Greenbaum, with his knowledge of computers, our computer program at Bartlett School continues to grow and our students are getting daily hands on computer experience. We now have a computer coordinator. Arlene Tetrault teaches a grade one class and is a highly motivated computer person who is taking charge and continually improves the use of computers at Bartlett School. We are presently in our first year of implementation of our five year computer program and we appreciate the community support of the computer program which is so necessary in this day and age.

Mr. Roland Biron, grade 4 teacher at Bartlett School, has been with us for close to 20 years and is retiring at the end of the school year. Mr. Biron is an excellent teacher and has always given his students the best that could be provided. Mr. Biron will be missed greatly, we wish him health and happiness in his well-deserved retirement.

This past year the roofs at Bartlett School have been redone completely and should be in good shape for years to come.

We at Bartlett School would like to thank the citizens of Goffstown for their continued support and invite you to visit us.

MAPLE AVENUE ELEMENTARY SCHOOL

Dr. Linda Kemper, Principal

Maple Avenue Elementary School has experienced a population shift this year. We currently have four first grades, five second grades, four third grades and three fourth grades.

After 30 years of service to the Town of Goffstown, Miss Ruth Powers retired in the spring and Mrs. Linda Taft was hired to replace her as the remedial reading teacher. Our other staff remains the same as last year.

The annual Spring Fling at Maple Avenue was held in June and was very successful. Children and parents had the opportunity to play a variety of games, buy balloons, hot dogs, soda and chances on raffle items, have their faces painted and ride on a hay wagon. The money raised will be used this year for school activities to benefit all our students.

In the spring we held an open house for incoming first graders and their parents. At this time students visited the classrooms and had the opportunity to get on the yellow school bus which was parked in the driveway. This allowed our newest students to become familiar with the school and its workings before they actually entered in September.

The fall open house was successful with a 90-95% turnout of parents and students who came to meet the teachers and staff, see the school and visit the Book Fair. Parents were able to see their children's work displayed, view the fall decorations and speak with the teachers briefly. For those parents who had particular questions, conferences were arranged for later dates.

Maple Avenue is fortunate to have an active group of parents who help us provide extras for our students. The PFT raised \$5000. in the spring and in one day, constructed a tire and wood playground for the children. The children greatly enjoy playing on the tire swings, tire bounce, the Tire-Tannic and other structures.

Newly-selected language and spelling series are being used in our classes this year. Also, the staff selected a second reading series which is being used by some of our students. The Teaching Activities for Language Knowledge (T.A.L.K.) program has been introduced in some first and second grades to help enrich the use of language of our students. The computer program has been expanding. Students and staff are becoming increasingly more knowledgeable in the understanding and use of the computer.

The need for space continues to be a problem at Maple Avenue. The Space Needs Committee has been studying this problem over the past year and has recommended solutions to the School Board which will address the space problems district-wide.

Please accept our thanks for your help and support of our efforts in providing a quality education for our students.

GOFFSTOWN UPPER ELEMENTARY SCHOOL

William Brendle, Principal

Two years ago the staff of the Upper Elementary School initiated Awards Assemblies. The purpose of these assemblies was to improve school atmosphere. Our

philosophy is that it is a way in which we can accentuate positive attitudes in our students.

We feel that by looking for the good things that students are doing, and giving recognition accordingly, their attention will be directed towards positive actions and attitudes. We believe this has worked very well and have extended the Recognition Program.

In the last two years, at designated assemblies, we honor specific students and present them with Certificates for either Honesty, Helpfulness, Leadership or Courtesy. We feel these are areas beneficial for all students to develop.

When students do various good deeds in these categories, turning in lost money/lunch tickets, helping others, being courteous or showing good leadership, notations take place. Certificates of Recognition for specific acts are then typed and presented to students at an assembly before the faculty and their peers.

This year we also have set up a bulletin board in our main hallway that displays the students names who attained these awards for the quarter. Their names will remain on the bulletin board until our next Awards Assembly and be replaced by the newly honored students. Awards assemblies are scheduled approximately every seven weeks.

We feel this has been a great program and intend to continue and expand it in the future.

GOFFSTOWN AREA HIGH SCHOOL

William H. Marston, Principal

As we prepare our self evaluation as part of an accreditation review by the New England Association of Schools and Colleges scheduled for November, 1987, the Area High School faculty and administration, students and parents are working together to document the school's major strengths and weaknesses. The task is a formidable one requiring extra time and commitment from many people. The self-study is going well and the school will be ready for the visiting committee next Fall.

One of my primary administrative goals for the school during the current year is to help more students be successful. To that end I have encouraged faculty to communicate early with parents of students who are in academic difficulty. This early notice gives parents an opportunity to assist the teacher in improving poor classroom performance and/or student attitude and increases the chances of student success. Teachers have responded positively to this request and home calls and notes to parents have fostered a closer working relationship between the school and the home.

School atmosphere seems to be very upbeat this year as we tackle the responsibility of improving communications with the community as well as among ourselves.

Open House this year was held earlier and was an attempt to acquaint parents with individual teacher academic goals for their student(s). Parents attending open house in October followed their student's class schedule for a typical day and listened to teachers explain what they expected from students during the course of the class.

The newly formed Secondary Advisory Council brings together people from the community, administrators, teachers, and students on a regular basis to objectively explore ways of helping the school achieve its goal of meeting the needs of each student. Perceptions about the school are discussed and recommendations made for dealing with various problems that hinder the school's progress in meeting our educational goals.

The school's monthly calendar of events is now published regularly by the Goffstown News as are periodic feature articles about programs and people at the Area High School. These articles are written by Connie Jenkins and help inform the community about some of those "good things" about our school we can all be proud of. Thanks, Connie.

I have recently formed a committee of junior high school teachers to work with me in reviewing the programs and procedures of the junior high school. The study committee will make specific recommendations to the school board in the Spring.

The maintenance and care of the physical plant has shown great improvement this year due primarily to a fully staffed maintenance/custodial crew and the addition of two full-time custodians. The buildings reflect a level of upkeep that has been a welcome improvement to faculty and students. The amount of student vandalism has decreased sharply this year and although there are numerous reasons that might explain this, I believe that the appearance and improvements in the building have had a significant impact on student attitude.

State mandated test results are in and Goffstown's 8th and 10th graders continue to do well. Although test results are only an indicator of overall student performance, they do help the school assess areas of strengths and weaknesses in the instructional process. Preliminary review of the results indicate that grade 10 students tested above the national average as did our 8th grade students. It is also noted that GHS sophomores tested about average for New Hampshire schools while eighth graders appear to have done better than the state average. We will continue to use the test data in ways that will help us identify instructional objectives for the coming school year.

As we reflect upon the school's needs, I am equally concerned that we recognize the many admirable accomplishments of faculty and students. There are myriad opportunities for students to become involved in co-curricular activities, seek personal help and direction from a comprehensive guidance program, learn in classes designed

to recognize student learning abilities and interests, and benefit from the advantages of a caring, experienced and competent faculty.

Again, my personal thanks to Superintendent Tim Gormley, Assistant Superintendent Ken Greenbaum, Business Manager, Darrell Lockwood and Special Needs Director Dr. Bettee O'Reilly for their support, encouragement and leadership. I am also very appreciative to the School Board and taxpayers of Goffstown for their support and commitment to improving the schools. As always, our students remain very special and deserve the best effort we can extend in serving their needs and interests.

GOFFSTOWN SCHOOL BOARD: (l-r) seated, Suzanne Tremblay, Barbara Simons, Donna Kelly, Sara Ann Sarette; standing, George Fullerton, Helen Skoglund, Paul Welch.
